## 2020 DISHWASHER REBATE PROGRAM (CIP #8)

### Qualifying Customers

AMU residential customers are eligible for rebates when buying a new **ENERGY STAR**<sup>®</sup> rated dishwasher to be used where the electricity is supplied by AMU.

### Rebate Details

**ENERGY STAR**<sup>®</sup> is a government/industry partnership that makes it easy for you to save money and protect the environment. Rebates will be issued only for dishwashers on the current list of **ENERGY STAR**<sup>®</sup> rated appliances as of the purchase date. **ENERGY STAR**<sup>®</sup> occasionally removes appliances from qualifying lists, and it is the responsibility of the customer and appliance dealer to verify current **ENERGY STAR**<sup>®</sup> status. AMU will not rebate dish washers that have been de-listed as of the purchase date or mislabeled as **ENERGY STAR**<sup>®</sup>. To verify **ENERGY STAR**<sup>®</sup> status, visit [energystar.gov](http://energystar.gov) or call 1-888-782-7937. Watch for products with the **ENERGY STAR**<sup>®</sup> logo to ensure the appliance is energy-efficient. Talk to your dealer to find out which brands and models are eligible for AMU rebates. AMU is not responsible if your dealer provided inaccurate information about the amount and/or conditions of the actual rebate.

### Application Details

Customers must apply for rebates within six months of the purchase date shown on the sales receipt. Applications must include:

- Complete retailer information such as Name, Address, and Phone Number
- Make, model number, and serial number of the appliance
- Copy of dated sales receipt/invoice

Failure to complete this information will result in a rejection of the application. AMU reserves the right to conduct random inspections to verify installation of the appliance at the address indicated on the front of this form. If AMU inspects the appliance, the rebate application will not be processed until the inspection has been satisfactorily completed. Inspections may be performed after the rebate payment at AMU's discretion.

Rebate qualifications and amounts are subject to change at any time. AMU conservation rebate programs may be cancelled or changed without notice. AMU customers should check with AMU to determine whether program changes have occurred.

If you have questions while filling out this form, please call 763-576-2903 weekdays between 7:00 a.m. and 3:30 p.m. for assistance. AMU will issue rebate in the form of a credit on the customers' electric bill. Please allow six to eight weeks for credit on account.
